May 2016

Eric and Londiwe have opened their home to an ailing mother and her two children who have crept into their hearts.

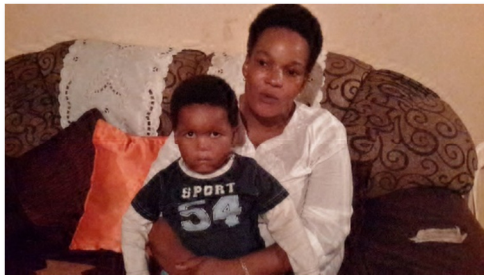

The young mother has AIDS, her lungs are damaged as a result of TB, and she has an enlarged liver. She was in a poor state when she arrived with no hope for the future for herself and her children.

She has since been baptised, and a tiny glimpse of hope is coming into her eyes through the slow process of these faithful followers of Christ, sharing hope and love with her.

But there is more!

Eric and Londiwe had been waiting for some time for an orphaned or abandoned child to come under their care. They have been screened through our process, and accepted by the social service department in South Africa. Within a week or so of taking in this young family, they were joined by three year old Bandile. Thankfully, there is a team of ladies from their church who are offering what help they can.

**LONDIWE NEEDS OUR PRAYERS!**

Doors are also opening in three new provinces in South Africa - with churches, orphanages, and social services very interested in our model of raising orphaned and abandoned children in two-parent Christian homes. Please pray for volunteers – and for our National Director, Debbie West!
