

OUR CHARTER AND MANDATE

- * Participants raise funds by means of soliciting sponsors for the Walk-A-Thon.
- * **100%** of all proceeds will be used for feeding, clothing, medical and educational needs of children.
- * **All expenses** are paid for by churches or individuals. If sponsors inquire about helping with expenses, donations should be made to the *Global Care-A-Thon Expense Account*.
- * All help is volunteered.
- * This is a nondenominational community project.

Our goal - \$100,000

This will cost about \$7,000 which is raised separately through churches and donations.

Global Care-A-Thon Mission

100% of the funds raised through the Annual Walk-A-Thon go to feeding, clothing, medical and educational needs of children in India, Romania and South Africa.

Together we can help fight against the poverty and despair facing so many precious children.

We are convinced now more than ever that this year is vital to the children supported through each Mission group.

When we work together to provide for the hungry, the foundation is laid for progress in other areas of development, including education and medical care.

CALCUTTA MERCY MINISTRIES® *Honoring Huldah's Legacy*

It is with great sadness and tremendous pride that I must post this message.

My beloved mother, Huldah Buntain, passed away, 2 July 2021, in Oklahoma City, Oklahoma. She spent her final days in the loving company of her family. She was 96 years old.

My mother continued to work tirelessly in service of those in need right up until she passed. Serving God and leaving a lasting legacy of compassion were her greatest joys. Among her final wishes was that her passion and ministry would continue.

The work that God began with my parents over six decades ago in Calcutta has spread throughout all of India and has touched thousands and thousands of people across the world.

Continuing the passion and the work has now been passed on to all of us who have been inspired by the lives and ministry of Mark and Huldah Buntain.

She wanted her website, www.buntainfoundation.org, to be used as a vehicle to inspire others.

We are grateful for your thoughts and prayers for our family and for the many people in India and around the world who are grieving her passing.

Bonnie Buntain Long

We loved welcoming Huldah on her visits to the Walk-A-Thon and we will truly miss her.

The work carries on 68 years after Huldah and Mark first travelled to India and began to respond to the needs of food, medical care, education and deep spiritual needs they saw there.

Overwhelmed by the support raised through the Global Care-A-Thon Mission

For over forty-six years, the Global Care-A-Thon Mission has been actively raising funds for vulnerable children around the world.

It is amazing to see what the Lord has done through this little church with a big heart! Every June, the kind folks at Heimdal Community Church volunteer their time and energy to host the walkathon and then collect sponsorships throughout the rest of the year. They have been a huge blessing

to Father's House in Romania and South Africa, as well as Calcutta Mercy in India.

We are so grateful for their hearts to serve and make this wonderful event happen, and for their generosity towards helping children in need. In 2021, Father's House received \$26, 420.00 as a result of their efforts. These funds will go towards supporting children in our program and providing for their basic needs for food, clothing and education.

We are so grateful for their support and invite you to be a part of this wonderful event, whether in person or from a distance. To find out more, go to the: Global Care A Thon Mission Facebook page.

Father's House in Romania began over 20 years ago by a dedicated Edmonton-area couple and has been helping Romanian families take in abandoned children. An earlier political scheme had been determined to increase the population for military use.

We have watched previously-abandoned children thrive in these families and begin helpful careers as they grow up.

There are always children needing families and the outreach continues.

South Africa has lost many adults to HIV/AIDS leaving over 374,000 children to survive without either parents.

Father's House operates in KwaZulu-Natal where 17% of the children are orphans. Living in families with two partners gives stability, life essentials and good role models for secure development. The sense of belonging and confidence grows in these children.
